

## *Camping at the Sanctuary*

*Not for public use--for workshop participants only!*

**REGISTRATION:** Reservations must be made prior to camping—please call the office to inquire if we have space available: 540.745.2153. All campers, visitors, guests and pets must check in with Alex at the Sanctuary upon arrival and prior to entering the campground, per Virginia State Law.

**GATE RULES:** The Sanctuary gate must be closed by 6pm, and stay closed after entering/leaving until the morning at 8am. We need to protect our Sanctuary from deer and bears—an open gate is an open invitation for a bear to our bees, or a deer to our trees!

**QUIET HOURS: 10:00PM – 8:00AM.**

**CELL PHONES:** Please turn your cell phones OFF or put on Airplane Mode when entering the gardens and apiary. You may leave your cell phone ON in the camping area.

**WILD ANIMALS:** Floyd is home to many wild animal species, including deer, coyotes and black bear. Please be sure to keep your food in appropriate storage and your trash in the available trash receptacles. Also, PLEASE DO NOT FEED THE WILDLIFE if you do cross their paths. Please keep your food inside your vehicle at night.

**ALCOHOL / DRUGS:** No alcohol or illegal drugs are permitted on Sanctuary grounds.

**CAMPFIRES:** All fires must be contained inside the fire ring located in the center of the campground. Campfires cannot be left unattended. The fire ring must not be used to dispose of cans, bottles, or other household trash. Please consult with your camping neighbors before lighting tiki lamp/bug torches and be sure to extinguish them before retiring for the night.

**FIREWOOD / TREES:** Firewood is provided for the community fire pit on-site. However, no ax or hatchets are provided for resizing of available wood. Please, use only wood provided in the wood pile—no cutting of trees/firewood is allowed in the campground or adjoining properties. Please do not drive nails into, or disfigure trees. Additionally, please do not tie clotheslines to trees or shrubs.

**WATER:** All water in the bathhouse is potable (drinkable).

**GARBAGE / RECYCLING:** Plan your camping to produce as little trash as possible. Please bag your garbage and use the can in the bathhouse. Please put all tin, aluminum, plastic and glass cans and bottles in the appropriate recycling bin provided in the utility sink area. Only household generated garbage should be placed in the trash cans. Broken furniture, grills, rugs etc. are not considered household trash and should be taken with you. This is our home and we take pride in the cleanliness of our Sanctuary! Please do not litter. This includes cigarette butts!

**BATHHOUSE:** To avoid accidents and injuries, an adult should accompany children under the age of 6 years old to the bathhouse. Please do not leave toiletries in the bathhouse. We take pride in the cleanliness of our facilities and we would appreciate your help in maintaining them.

**PLEASE NOTE:** There are NO cooking or laundry facilities available for the campsite. Campers must store their food in their own coolers, secured against possible wildlife.

We hope you enjoy your camping experience here at Spikenard Farm Honeybee Sanctuary.
